

BECOME A FUTURE TECH INNOVATOR

5-day coding bootcamp to introduce you to
the world of entrepreneurship and innovation

BROUGHT TO YOU BY

PRIME YOURSELF FOR SUCCESS

Begin your journey in entrepreneurship and tech innovation through coding fun apps

BE INSPIRED

Meet & greet with Taylor's students to discover the power of code through their projects

BE A CREATOR, NOT A CONSUMER

Build cool apps that impress your friends

GET CERTIFIED

Earn a certificate jointly-issued by Taylor's University and NEXT Academy

WHAT'S THE BEST WAY TO LEARN CODING?

We start off by building a cloned inspiration of what we all know & love — Snapchat/Instagram Stories

WHAT YOU WILL LEARN

Build a program that can send disappearing 'snap' messages to your friends and family via WhatsApp

Create beautiful websites with HTML & CSS

Make your website interactive with JavaScript

Deploy your web app and program so that everyone can use it too!

Learn from Taylor's students to discover how programming is being used in real life beyond apps and games

DEGREE EXPLORER: TECHNOLOGY TRACK
